

### **Deborah Burgio, TVIH Executive Director**

A warm welcome to our new Executive Director, Deborah, Burgio. She is no stranger to organizations like TVIH, having founded Winter Grace, a nonprofit organization located in Dayton, MD designed to “empower and enrich the lives of older adults” and those who care for them. She has been president of Winter Grace Senior Ministries since 2017.

While managing Winter Grace, she has developed and implemented programs that provide information about resources for seniors and marketed the programs to the community in order to increase funding and membership.

As part of her successful outreach efforts, she serves as a Board Member of COGS (Coalition of Geriatric Services) in Howard County and as a member of the Information and Communication working group of the Howard County Age-Friendly Task Force. In other words, her marketing, fundraising, outreach, and management skills signal that she is a perfect fit to work for TVIH. In addition, she is a certified wellness coach and is described by her references as a caring individual whose organizational skills and caring personality make her a joy to work with. *Stay tuned for opportunities to meet our new Executive Director.*
